

MGC Junior News

May 2011

From the Junior Management Team

What an absolutely fantastic Junior Captain's Drive In and start to the 2011 season, we have been blessed with unbelievable weather and a golf course that has never been in a better condition for this time of the year. With all the school holidays we have seen a large number of you playing and practising and all this has resulted in some excellent scoring with many handicaps tumbling down after only four weeks of the season, keep up the hard work and effort and the rewards will come your way. Congratulations to all our winners so far this season but do not get complacent because if you glance over your shoulder you will find a long queue waiting to take over the number 1 spot. The Associate timetable has started with increased and fierce but friendly competition, the junior golfers of MGC had better beware of the talented associate golfers following in their foot steps, any slip ups and the associates will be all over you. Apart from our own competitions we have already had winners away from Hopwood with Sophie Powell, Louisa Brunt and Katie Stanley flying the flag for MGC, excellent wins and hopefully more to follow through the year. Our next Junior and Associate competitions are on Sunday 15 May 2011, so make sure your around for that one. The golf season has started well and we want it to continue, keep up the good results and more handicaps will fall very quickly. Lets hit some fairways and sink those putts!

Congratulations.....

Congratulations to Beth Greenhalgh (aka Smiler) who obtained her first CONGU handicap of 36, this is a great achievement because Beth is only 10 years old. Beth has worked extremely hard on her golf game over the last few months and all this hard work has paid off.
