Join the Club

There will soon be the opportunity to become a member of our Academy and enjoy the unique surroundings and settings of The Manchester Golf Club. Currently under construction, our 350 yard driving range (with in-door and on-grass bays) and short game area (with 575m² green) will provide some of the finest practice facilities in the region. Designed by a world renowned Harry Colt Specialist, The Manchester Golf Academy will be available to members and guests from next summer. A strictly limited number of places are available for people wishing to join our club as an Academy Member. As well as having the opportunity to practice on outstanding facilities, members will receive discounts on green fees, drinks and food, along with access to the superb House of Golf operation.

To avoid disappointment join the Academy Waiting List Today—simply speak to any member of the House of Golf Team or apply via the website. A limited number of Off-Peak Memberships are also available for just £650 per year—entitling members to play 5 days a week and introduce guests, full details available at www.mang.co.uk
